Amalgamated Took Two From
Kallaboshers

IN CANDLE PIN LEAGUE

None of the Players Was Particularly
Anxious to Have the Scores Pub-
lished, But Here They Are—
Have a Look!

The Amalgamated candle pin team de-
feated the Kallaboshers, two out of
three strings, at Buzzell's alleys last
night, but the rolling was poor all
around. Russell was the high single,
also the high three-string total man,
with 104 and 279, respectively. The
scores:

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind,
discourages and lessens ambition; beauty,
vigor and cheerfulness soon disappear
when the kidneys are
out of order or dis-
eased.

Kidney trouble has
become so prevalent
that it is not uncom-
mon for a child to be
born afflicted with
weak kidneys. If the
child urinates too often, if the urine scalds
the flesh, or if, when the child reaches an
age when it should be able to control the
passage, it is yet afflicted with bed-wet-
ting, depend upon it, the cause of the diffi-
culty is kidney trouble, and the first
step should be towards the treatment of
these important organs. This unpleasant
trouble is due to a diseased condition of
the kidneys and bladder and not to a
habit as most people suppose.

Women as well as men are made mis-
erable with kidney and bladder trouble,
and both need the same great remedy.

MANY CANDIDATES FOR GODDARD NINE.

There Are 23 Men To Try, And the
Battery Aspirants Are Already at
Work—Nine Men Out For
Pitcher.

Manager Kier of the Goddard seminary
base ball team has the cage up
in the gymnasium and practice has al-
ready begun for pitchers and catchers
under the coaching of Percy Thayer
and Clyde Heath, captain of the team.

Among the candidates for positions in
the pitcher's box are: Olsen, Heath,
Lewis and Walsh of last year's team
and Buck of Newport, Newton of Ver-
genues, Heidle of West Warren, Mass.,
Connor of Woodsville, N. H., and Ben-
edict of this city. The last mentioned
are new men, except Newton, who at-
tended part of the winter term last
year. Those out for catching are, Berry
and Harrison, both of whom are last
year's men, Heidle and Shaw, both new
men.

The rest of the squad will soon be at
work in the cage. Before the squad is
cut down it will be as follows: Capt.
Heath, Olsen, Harrison, Berry, Lewis,
Walsh, Abbott, Johnson, Heidle, Connor,
Osby, White, Douglas, Foote, Straton,
Buck, Dean, Spaulding, Shaw, Newton,
Black, Wisart and Benedict.

The outlook for a good team is better
than ever, there being the best material
from which to pick that it ever had.
Keep your eye on the bunch from the
hill and you will see some fast ball this
spring, as Manager Kier has arranged
games with some of the fastest school
teams of the state, including one with
Middlebury college.

INDICTED BANKER JENKINS DIED YESTERDAY.

Brooklyn Man Faced Charges of Perjury
and Conspiracy; Rose to Influence
from Being a \$6 a Week
Clerk.

New York, March 13.—John G. Jen-
kins, Sr., the Brooklyn banker, who,
with his three sons, was indicted as a
result of the banking investigation, died
at Sea Cliff, L. I., yesterday of paraly-
sis.

For many years Mr. Jenkins was one
of the most prominent figures in the
financial and business world of Brook-
lyn. He retired from active business
a few years ago, and it was subsequent-
ly that several of the business enter-
prises with which he had been connected
found themselves in financial diffi-
culties.

Mr. Jenkins was under indictment at
the time of his death on charges of con-
spiracy and perjury. From a \$6 a week
clerk, whose chief duty was to sweep
out the office and tend to the fires in
the morning, he rose step by step in
influence and in the confidence of his
friends. Even the news that he had
been indicted failed to shake the belief
of the community in him.

He was born in Brooklyn in 1839 and
went to Williamsburg 13 years later.
His first job was that of a notary clerk
in the law office of S. M. & D. E. Meeker
on Bedford avenue. S. M. Meeker was
the notary for a bank that afterward
became the First National Bank of
Brooklyn.

When the bank moved to Broadway,
Williamsburg, young Jenkins went with
it as a clerk. As Jenkins prospered
the bank prospered with him. He saved
money and took hold of other interests.
The New York and Brooklyn Ferry Com-
pany was one. Investment in street cars
was another. He had a hand in nearly
every big enterprise for the improve-
ment or betterment of Williamsburg.

Who Will Claim Them?

SOOTHES AND HEALS.

Hymel Gives Quick Relief in Catarrh
Troubles.

Be wise in time and use Hymel at the
first warning of catarrhal troubles.
Do not let the disease extend along
the delicate mucous membrane, gradu-
ally going from the nose to the throat,
thence into the bronchial tubes, and then
downward until the lungs are reached
and you are in danger of consumption.
Hymel will cure all curable forms
and stages of catarrh. It is so uni-
formly successful in curing this common
yet dangerous disease that Bickert &
Wells of the Red Cross Pharmacy take
all the risk of a trial treatment.

There is no other treatment for cat-
arrh that is like Hymel or just as
good. None can take its place, none
give such quick and sure relief and at
so little cost. Its medication is breathed
through a pocket inhaler that comes
with every outfit, thus reaching the
most remote cells of the air passages,
killing the catarrhal germs and soothing
and healing the irritated mucous mem-
brane.

TO AMEND SHERMAN LAW

Conference is Held at the
White House

PROPOSAL FOR ALLOWING

"Good" Trade Combinations—Employers'
Liability Legislation Discussed—
Action on These Determination
of the Administration.

Washington, March 13.—In a confer-
ence at the White House last night con-
tinued until after midnight, President
Roosevelt, Secretary Root, Secretary
Garfield, Attorney General Bonaparte,
Herbert Knox Smith, Victor, Maravita,
Samuel Gompers, Seth Low, represent-
ing the Civic Federation, and F. S. Stei-
son, representing the J. P. Morgan in-
terests, considered the proposed amend-
ment to the Sherman anti-trust law to
permit beneficial trade combinations, or
such as can be made for the purpose of
steadying prices and preventing en-
throne competition without creating
monopoly. The proposition to amend
the employers' liability act to make it
uniform with the recent decision of the
supreme court also was discussed.
These are two measures upon which the
administration is determined to have ac-
tion at this session. It is understood
that the proposed amendment to the
Sherman law exempts labor organiza-
tions from the operation of the act, pro-
vides for traffic or pooling arrangements
by the railroads, under supervision of
the Interstate Commerce Commission,
and for greater publicity of the affairs
of corporations.

INVESTIGATE STOCK TRADING.

President Takes a Step Toward Regu-
lation.

Washington, March 13.—The Presi-
dent referred a bill presented to him by
the New York Merchants' association,
providing for the abolition of bucket
shops, together with a number of re-
commendations concerning stock gam-
bling, to the commission of corporations
Herbert Knox Smith, with instructions
to Mr. Smith to make a thorough in-
vestigation of all the facts, the extent
to which gambling of this character,
etc., can be controlled or prohibited by
the federal government, and to submit
to the secretary of commerce and labor
a comprehensive report on the subject.

The president does not regard the aboli-
tion of bucket shops, as the really seri-
ous phases of this question because
they are generally recognized as an evil,
and he believes that little difficulty will
be encountered in putting them out of
business. The larger question, that of
stock gambling, however, the executive
regards as presenting some serious diffi-
culties and as involving grave problems.

In this connection he has told Mr. Smith
that if it seems feasible for the federal
government to check this evil he would
like to have him prepare the draft of a
bill, but he does not care for any ill-
considered measure or for a measure so
drastic that it would prove impossible
of enforcement and would thus become
a dead letter and a tragedy on law.

It is not believed that the commis-
sioner will be able to complete so
thorough an investigation as the presi-
dent calls for in course of this session
of Congress, but it is more likely, should
some practical method of control be
found, that of the president's next
annual message to Congress. In so far as
the views of the president are concerned,
they were clearly set forth in his last
important message to Congress, and he
has seen no reason to change them since
that time.

MOTORISTS PLEAD FOR FEDERAL LICENSE PLAN.

Railly in Washington in Support of
Pending Bill.

Washington, March 12.—Automobil-
ists from various parts of the country
appeared yesterday before the House
committee on the judiciary in support
of a bill, introduced by Representative
Cocks of New York, to provide for fed-
eral registration and licensing of auto-
mobiles and motor-driven vehicles, which
now are taxed severally by the various
states in which they are owned or
through which they pass.

The chief argument in support of the
constitutional bill was made by Prof.
Charles Phaddeus Terry, professor of
law at Columbia university, general
counsel of the National association of
automobile manufacturers and chairman
of the executive board of the American
automobile association.

POST OFFICE BILL BEFORE HOUSE.

A Long Debate Over The Pneumatic
Tube Service.

The postoffice appropriation bill was
still the order of business when the
House of Representatives convened yes-
terday. A long debate was precipitated
over the section for pneumatic tube
service, which ended with the elimina-
tion from the bill on points of order of the
provisions relating to extensions of the
service. A substitute by Mr. Overstreet
providing for an investigation of the
viability of the government purchas-
ing the equipment for pneumatic tube
service and operating it in the cities
where such service is now in use also
was ruled out on a point of order by Mr.
Tawney of Minnesota.

POLICE SEARCHING FOR PROMOTER C. F. KING.

Charge of Larceny in Stock Deal Brought
Against Him; Involuntary Bank-
ruptcy Petition Filed.

Boston, March 13.—Jeremiah Smith,
Jr., was appointed receiver of the prop-
erty and affairs of C. F. King by Judge
Bodge, in the United States district
court, yesterday afternoon.

It was admitted at police headquar-
ters yesterday that a search is being
made by the Boston police for C. F. King,
financial agent and promoter, against
whom an involuntary petition in
bankruptcy was filed Wednesday by
creditors who alleged that King had
not bought stocks with the money given
him for that purpose.

The complaint in the case upon
which the police are acting is John G.
McCarthy of Boston, one of the peti-
tioners in the bankruptcy case. He
charges King with larceny in connection
with the stock deal.

On Saturday McCarthy petitioned the
superior court for a custodian to take
charge of King's property, alleging that
Henry D. Yeaton and Stephen A. Hop-
kins, whom King named as trustees,
were acting in concert with him and
concealing the assets.

Counsel for Mr. King, when asser-
tion has been made that he could not be
found, have replied that he could be
reached when necessary.

MEN ARE AT WORK.

New Haven Machinists Not Yet Out on
Strike.

New Haven, Conn., March 13.—The
machinists and boiler makers employed
here by the New York, New Haven &
Hartford railroad are at work to-day,
although their unions had declared
against piece work, which plan was put
into operation yesterday.

It is understood that conferences are
in progress between union officials and
officials of the road and the men will
stay at work.

says she is putting up a new record
for the eastward trip. The average of
knots per hour for the whole trip has
been 24.4, as against her previous record
of 23.90.

GOOD WAY TO DO BUSINESS.

In ordering a 50 cent bottle of Dr.
Howard's celebrated specific for the cure
of constipation and dyspepsia at 25
cents, D. F. Davis is giving one of the
greatest value chances ever offered to
the people of Barre.

If food does not digest well, if there
is gas or pain in the stomach, if the
tongue is coated and the breath bad, if
there is constipation and straining, Dr.
Howard's specific will cure you. If it
does not, you have druggist D. F. Davis'
personal guarantee to return your
money.

It is very popular in New York city,
and it is not unusual to see someone
after a meal at one of the large hotels
or restaurants, take a dose of this
specific, knowing that it will prevent the
uncomfortable feeling which frequently
follows a hearty meal.

Dr. Howard's specific gives quick re-
lief and makes permanent cures of con-
stipation, dyspepsia and all liver trouble.
These are strong statements but D. F.
Davis is giving his customers a chance
to prove their truth at just half the
regular price—sixty drops for 25 cents.
If they are not found true, all you have
to do is ask for your money.

WAGES OF 25,000 REDUCED

Cut of Ten Per Cent in Lowell
Factories

OUTLOOK DISCOURAGING

The Production May Have to Be Fur-
ther Curtailed—No Action as Yet
in the Other Mill Centers of
New England.

Lowell, Mass., March 13.—Notices an-
nouncing a wage reduction of 10 per
cent, were posted in seven of the large
cotton factories in this city during the
noon lunch hour yesterday. More than
25,000 operatives will be affected by the
cutdown.

The action of the manufacturers came
as a surprise, as there had been no in-
timation that any such move was con-
templated. It was generally known,
however, that the mills were not having
the sales for their goods that would war-
rant running at full time, and within
the past four or five months the price of
cloth has lowered considerably.

Whether similar action will be taken
in other textile cities could not be learn-
ed here yesterday. It is understood there
can be no wage reduction at Fall River
at present, the agreement between the
operatives and manufacturers, which
provides for a sliding scale, not expir-
ing until the latter part of May.

The wage reduction here will become
effective March 30. The notices indicate
that the reduction will not be uniform.
It is stated that further curtailment
of production may be necessary. The
last wage reduction here was declared
Jan. 17, 1908. Since that time there have
been five advances in the wage scale.

The corporations where the notices
were posted are the Boote, Tremont and
Suffolk, Hamilton, Middlesex, Lawrence
Appleton and Merrimac corporations.

NO ACTION IN OTHER CITIES.

Lawrence Fears, However, That Reduc-
tion Will Have to Be Ordered.

Lawrence, Mass., March 13.—Although no no-
tices of a wage reduction have as yet
been posted in any of the Lawrence
cotton mills, it is the general sentiment
among the manufacturers that some
such action will be taken before long.

New Bedford, March 13.—No notice
of a wage reduction here has been posted
in the cotton mills of this city up to the
present time, and the manufacturers
generally are reticent regarding their
future plans. They say, however, that
the textile business at the present time
is very much depressed.

Concord, N. H., March 13.—No wage
cut has been announced in any of the
cotton factories in Concord, and so far
as can be learned no such action is an-
ticipated.

SENTIMENT IN JAPAN IS NOW MORE PEACEFUL

More Inclined Toward an Amicable Set-
tlement With China.

Tokio, March 13.—The demand of the
press and the public in Japan for ag-
gressive action against China in con-
nection with the Taisan affair is sub-
siding. The Asahi, one of the most in-
fluential newspapers, discusses the mat-
ter at length and urges the government
to seriously consider the moral side
of the case and not to press China to
extremes. The minister of war, Gen.
Terashima, and Vice-Admiral Saito, min-
ister of marine, are opposed to aggres-
sive tactics.

A ROTHSCHILD STORY.

The Reward That Came to a Student
With a Heart.

Old Rothschild stories are popular
now in Europe. "Some are true," says
an English writer, "some are only
clever, and many are simply inven-
tions. But all are read with interest."
Here is one from the Bytander, Lon-
don:

"At a luncheon given by Empress
Eugene at the Tuileries the head of
the Paris house of Rothschild was
seated opposite a great painter. Roth-
schild was not blessed with good looks
and had, moreover, an expression of
distress and resignation combined. The
painter could not take his eyes off him,
and this worried Rothschild not a lit-
tle. After the meal he asked the paint-
er why he had taken so great an inter-
est in him, and to his great amaze-
ment the painter informed him that he
had studied him as a model for a beg-
gar in a picture he was then evolving.
Rothschild's face brightened, and he
said, 'I will sit for you.' And he did.
One day when he was posing a pupil
of the painter's was so touched by the
expression of woe on the face of the
model that he slipped a five franc piece
into the poor man's hand and van-
ished before an explanation was possi-
ble. The next day the young man re-
ceived 400 francs as interest on his well in-
vested 5 franc."

PLAN THE DEFEAT OF BRYAN'S NOMINATION

Figured That Only 109 More Uninstruc-
ted Delegates Are Required.

New York, March 13.—A real fight
is to be made in the Democratic national
convention to prevent the nomination
of William J. Bryan and the adoption
of his policies.

W. J. Conners, chairman of the Demo-
cratic state committee of this state, and
Charles P. Murphy, leader of Tammany,
who control the state organization of
their party, have decided to send as
delegates to the national convention
some of the leading bankers and busi-
